**Brownstone Technology Solutions Is Invited To Join “Better Business Bureau”  
*BTS is Awarded BBB Accreditation***

(June 9, 2009—Redondo Beach, CA...) Brownstone Technology Solutions, a full-service provider of point-of-sale systems and video surveillance systems, has been awarded membership to the Los Angeles chapter of Better Business Bureau (BBB). Brownstone Technology Solutions meets the high standards that BBB requires of all members, and has agreed to honor the BBB’s “Principles of Trust.”

Brownstone Technology Solutions President Diana Meraz says, “We are very excited to become a member of the BBB. We always strive to conduct the optimal business practices, and to treat all customers and employees with respect and fairness. We are excited to become an active member of the BBB, and continue to grow our business in the California, Nevada, and Georgia markets.”

Not every business is invited to join the BBB. Stringent analysis of each company ensures that every member conducts ethical business behavior. Members must retain at least a B rating by the BBB, comply with all BBB rules and regulations, respond to any complaint placed against the company, disclose certain business information to customers, and respect customer privacy. Brownstone Technology Solutions is proud to comply with all of these requirements.
